

Top 5 Referrals URLs

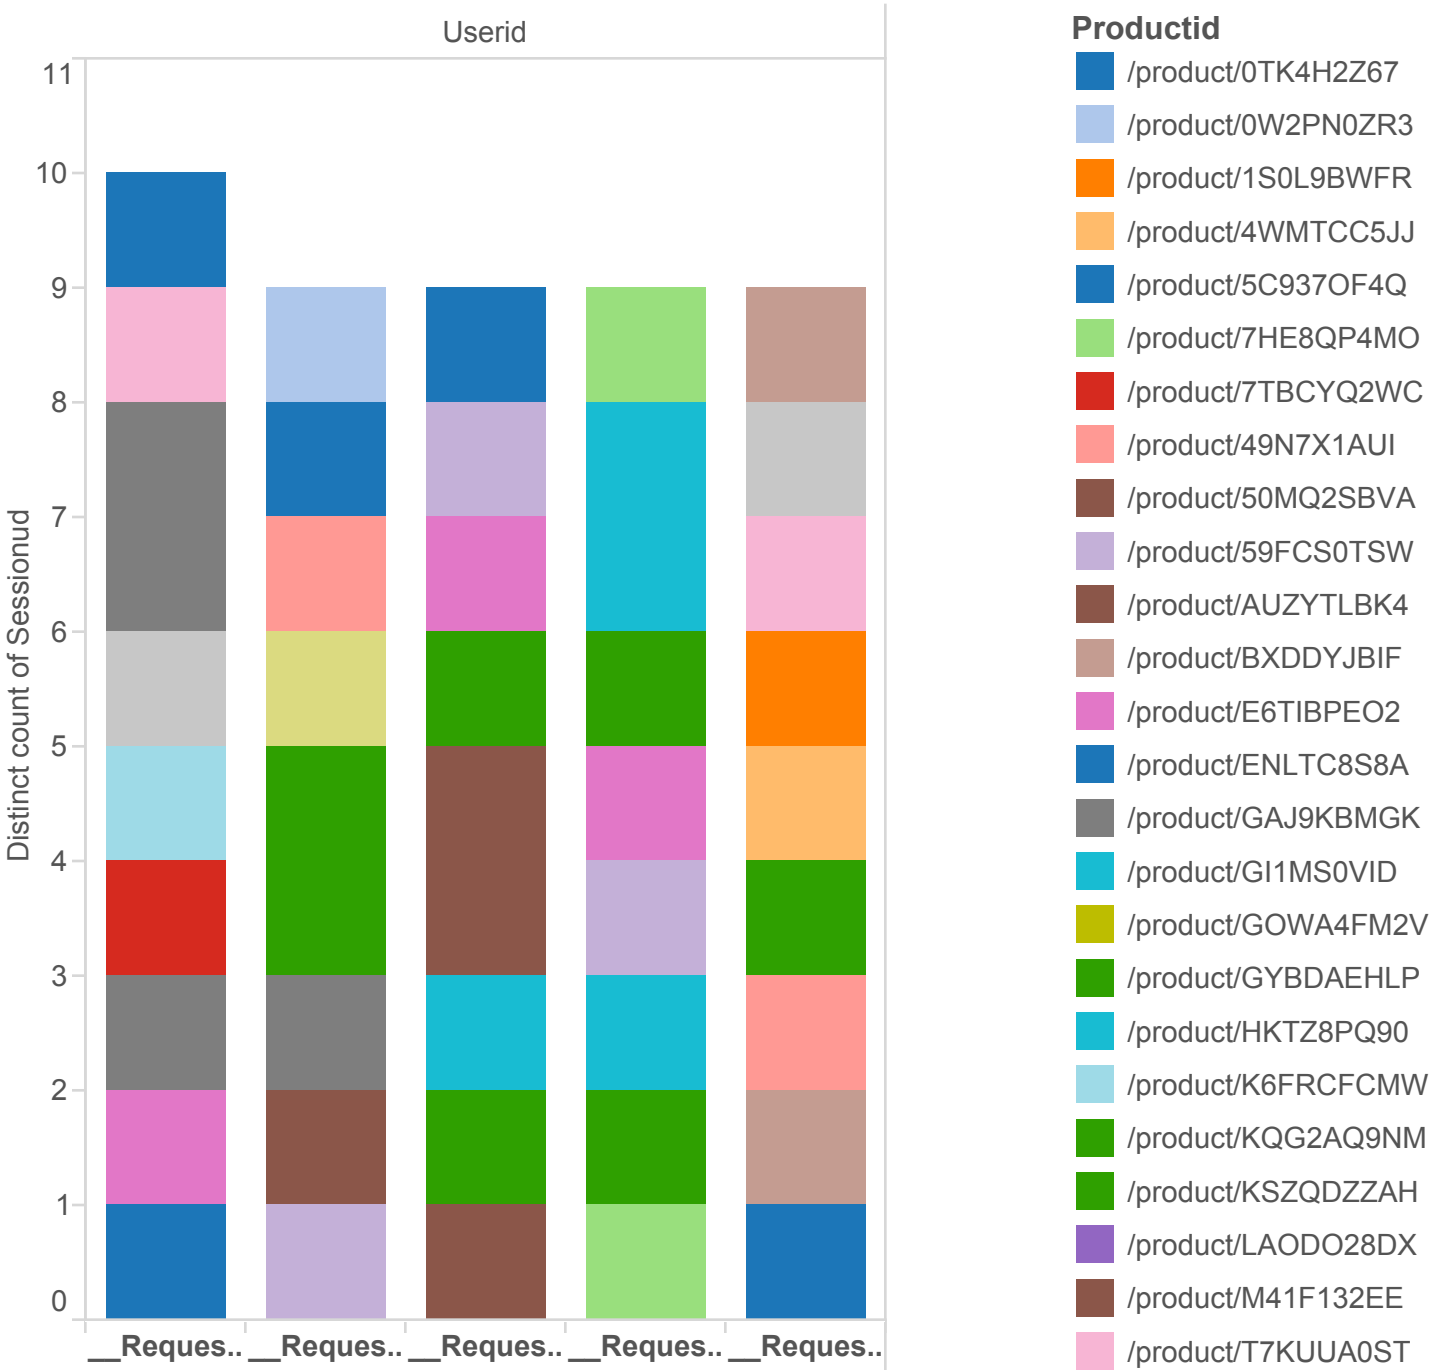

Refererurl. Color shows details about Refererurl. Size shows distinct count of Sessionud. The marks are labeled by Refererurl. The view is filtered on Refererurl, which has multiple members selected.

Top Referring URL over last 10 years

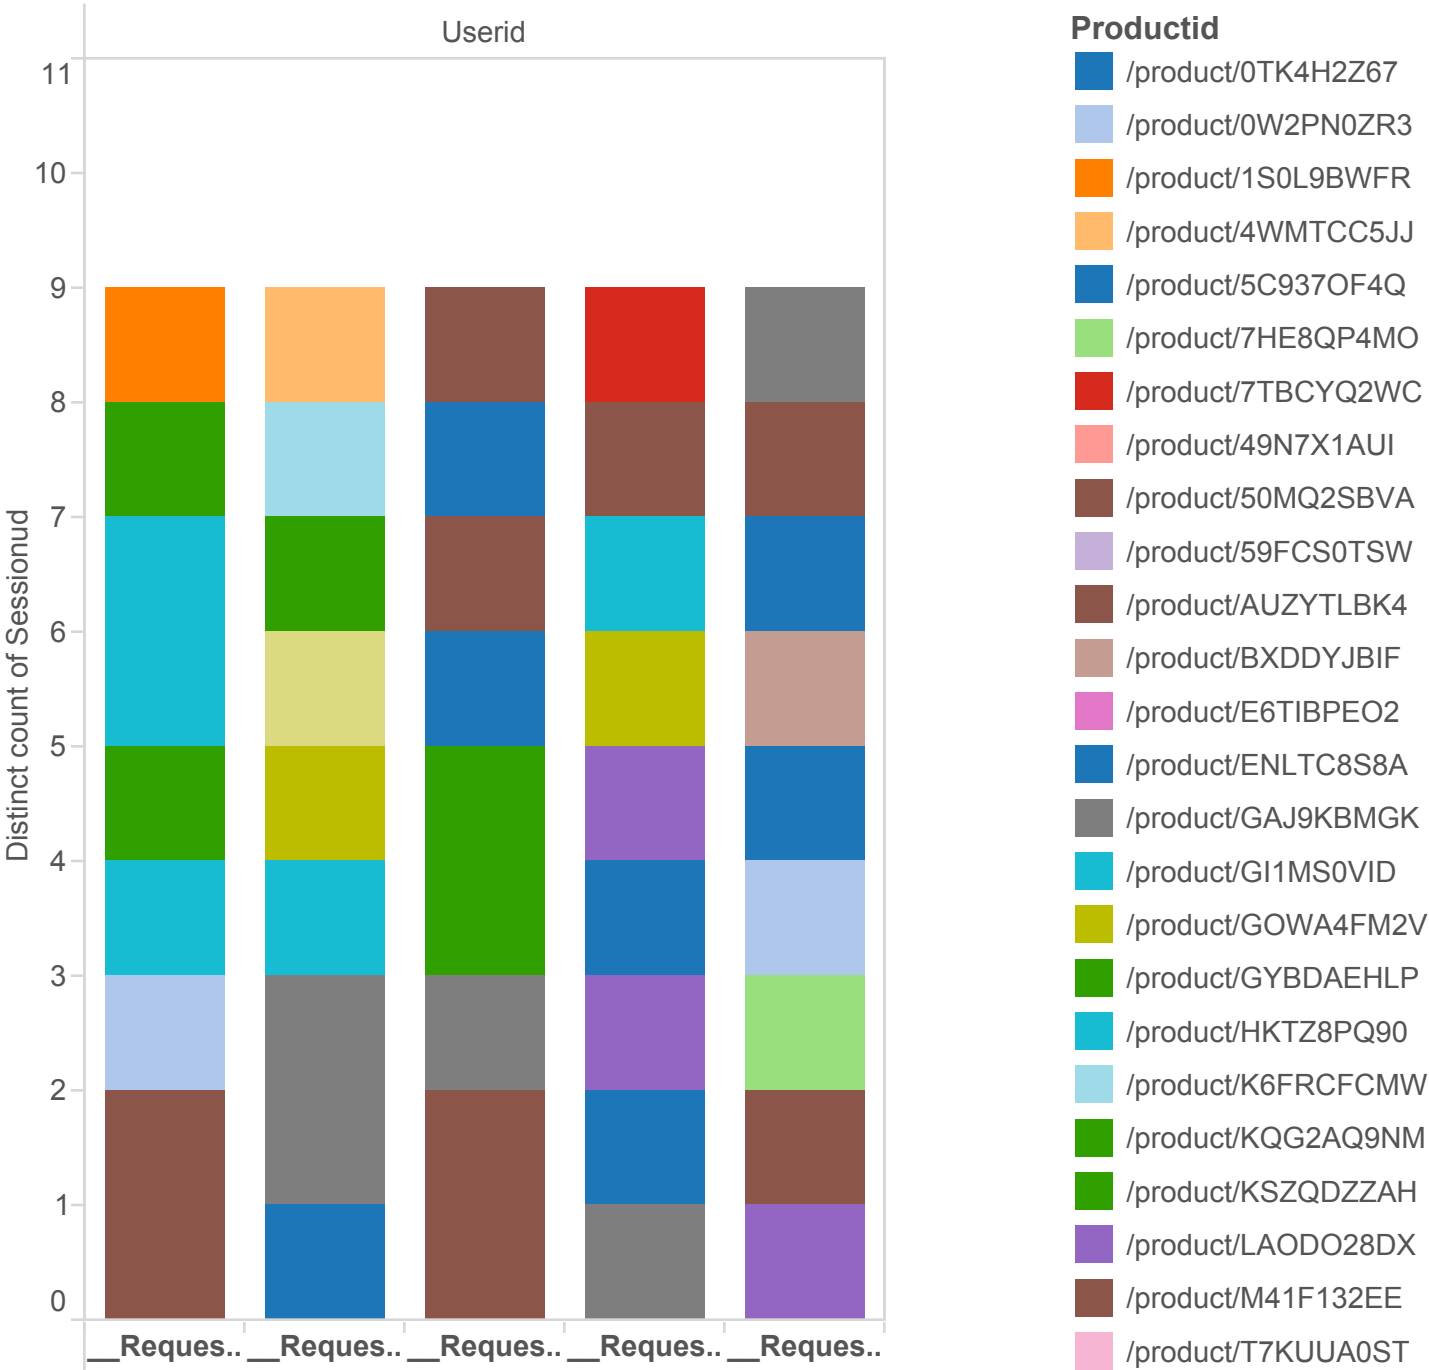

The trend of distinct count of Sessionud for Datetime Year. Color shows details about Refererurl. The view is filtered on Datetime Year and Refererurl. The Datetime Year filter includes dates on or after 2005. The Refererurl filter has multiple members selected.

Top 10 users use top products

Distinct count of Sessionud for each Userid. Color shows details about Productid. The view is filtered on Userid, which has multiple members selected.

Top 10 users use top products

Distinct count of Sessionid for each Userid. Color shows details about Productid. The view is filtered on Userid, which has multiple members selected.

Diagram illustrating five overlapping circles, each containing a URL:

- Red circle: <http://www.shophealthy.com>
- Purple circle: <http://www.twitter.com>
- Blue circle: <http://www.amazon.com>
- Orange circle: <http://www.facebook.com>
- Green circle: <http://www.homeshop18.com>

The chart displays the distinct count of sessions per user over time for four different sessions per user thresholds. The x-axis represents the year of the datetime, ranging from 2005 to 2015. The y-axis represents the distinct count of sessions, ranging from 0 to 300. The series for 2 sessions per user (red) starts highest, while the series for 5 sessions per user (green) starts lowest. All series show significant fluctuations, with a notable peak around 2008 and a general upward trend towards the end of the period.

Year of Datetime	2 sessions per user (red)	3 sessions per user (orange)	4 sessions per user (blue)	5 sessions per user (green)
2005	275	245	255	260
2006	245	250	235	245
2007	250	265	245	245
2008	260	250	260	265
2009	255	245	235	260
2010	230	225	245	230
2011	245	275	245	230
2012	230	245	255	240
2013	275	255	245	240
2014	245	240	250	230
2015	270	245	235	285

Stacked bar chart showing the distinct count of tokens for each user across ten different token types. The y-axis represents the distinct count of tokens, ranging from 0 to 10. The x-axis lists ten token types: RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, RequestVerificationToken, and RequestVerificationToken. Each bar is composed of ten segments, each representing a different token type, with colors ranging from blue to grey.
